

YOUNG CAMDEN FOUNDATION

The Mayor has chosen the Young Camden Foundation as her mayoral charity and will raise money to help YCF continue their work to support young people in the borough and those who work with them.

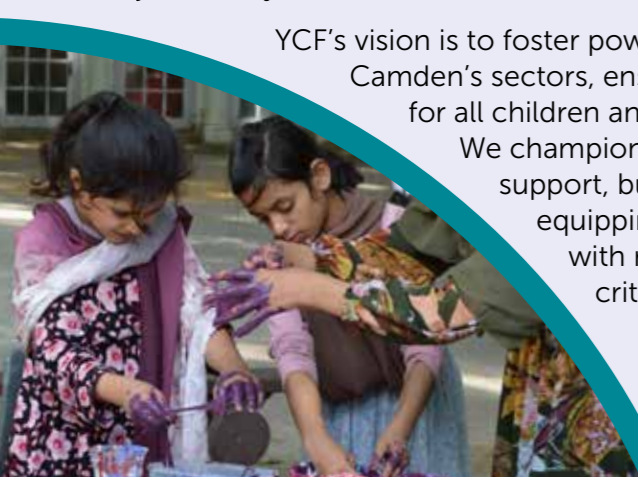

Introduction to Young Camden Foundation

Young Camden Foundation is a youth charity and membership organisation, set up in 2017 to address the growing uncertainty of long-term investment in the children and young people sector in Camden.

YCF is an infrastructure organisation and has awarded over £2.4m to local Camden-based organisations and has over 140 member organisations working directly with children and young people in the borough. YCF funded projects have benefited over 10,000 of those who are most in need, since its inception. YCF is also Camden Council's chosen delivery partner for the Department for Education's Holiday Activities and Food Programme, supporting Free School Meal eligible children and young people during the major holidays.

YCF's vision is to foster powerful partnerships across Camden's sectors, ensuring equal opportunities for all children and young people to thrive.

We champion new models of local support, building capacity and equipping the community with resources to champion critical issues.

Young Camden Foundation CEO,
Daisy Srblin

“ We are absolutely thrilled to have been selected as the Mayor of Camden's charity for 2023-24.

We know how passionate Mayor Nazma Rahman is about improving the lives of local children and young people in Camden, and this is an excellent platform for us to work together to raise the voice and profile of young people in Camden and the organisations that work tirelessly to support them.

At Young Camden Foundation, we believe investing in young people is investing in Camden's future. Through partnerships across the public, private, and voluntary sectors, we provide vital support and opportunities to those in need.

The recognition from the Mayor not only validates the hard work of our dedicated members, staff, and partners, but also inspires us to intensify our efforts. It is a call to action to expand our programs, reach more young people, and make an even greater impact on their lives.

This acknowledgment provides YCF and our members a platform to amplify our voice and inspire more individuals and organisations to invest in the children and young people of Camden.

Together with YCF's incredible member organisations, and the entire Camden community, we can build a future where every child and young person in our borough receives the support and opportunities they deserve.”
