

GET STARTED IN

HEALTH & SOCIAL CARE

VIRTUAL RECRUITMENT EVENT Pan-London - July 30th 2020

Speed interview multiple Prince's Trust supported candidates for your entry-level vacancies, all in one afternoon!

Get Started is a one-day event that connects employers with young people with an interest in Health & Social Care. Prior to the event, the Prince's Trust team will support work-ready young people with employability skills, ensuring they are suitable for the sector and feeling confident ahead of their interviews.

On the day using video conferencing, we will organise all of the interviews for you and will then support the follow through with candidates you would like to take forward. The Prince's Trust will also continue to support the candidates through the recruitment and on-boarding process, as well as for up to 6-months into their new role

We will need the job descriptions of your vacancies by Friday 17th of July and you will need to have someone available to interview on your chosen date.

To find out more, please contact Leslie.Weare@princes-trust.org.uk
