PLANNING APPLICATION UPDATE:

The Camden project team, wider multi-disciplinary team and architects have been working hard to finalise all the documents required for the Planning Application. Here are just a few of the many items that are currently being reviewed by legal teams ahead of submission:

- Arboricultural Impact Assessment
- Biodiversity
- Circular Economy Assessment
- Daylight & Sunlight
- Equalities Impact Assessment
- Financial Viability Assessment
- Fire Statement
- Flood Risk Assessment
- Statement of Community Involvement
- Whole Life Carbon Assessment

**The scheme has been approved by all internal governance boards and we have the go-ahead to submit for Planning in early Summer.**

We'll be holding exhibitions and you'll have the chance to comment on the Application once submitted.

We thank you for your patience while we get everything right.
